

# CACTUS 50

**DRIES RESIN IN 30 MINUTES GUARANTEED!**

**Description:**

The Cactus 50 will process 150 lbs/hr of most engineering resins.

This compact dryer has been designed to allow the fastest cleaning and color changes available today. Simply undo the latches holding the top in place, and the shroud swings open to allow complete access to the inside of the dryer.

The extension tube has been incorporated into a 2-piece mounting plate which is located under the dryer.

The controller can be located in any position the processor desires
